

TPI (Technology Platform Infrastructure) Documentation

Version: 1.0
Last Updated: 2025-01-XX

Overview

The TPI system encompasses all technology-related admin portals and infrastructure management tools for Crave'n Inc. This documentation provides standards, patterns, and implementation guidance for building and maintaining these portals.

Portal Mapping

Technology Executive Dashboard

Route: /cto or <http://cto.cravenusa.com>
Component: CTOPortal.tsx
Status: ☒ Active (migrating to TPI UI/UX system)

The CTO Portal serves as the Technology Executive Dashboard, providing executive-level oversight of all technology operations, infrastructure, security, and engineering teams.

Key Sections:

- CTO Command Center (Dashboard)
- Advanced Infrastructure Management
- DevOps & CI/CD
- Security & Compliance
- Team & Resources
- Technology Roadmap
- Tech Cost Management
- Incident Management
- Asset Management

Engineering Workspace

Status: ☐ Planned
Purpose: Engineering team collaboration, sprint management, code reviews

Platform & Infrastructure Hub

Status: ☐ Planned
Purpose: Infrastructure monitoring, service health, deployment management

Product Command Center

Status: 🚧 Planned
Purpose: Product management, feature tracking, roadmap planning

Quality & Release Portal

Status: 🚧 Planned
Purpose: QA workflows, release management, testing coordination

Internal IT Operations

Status: 🚧 Planned
Purpose: IT help desk, asset management, internal tooling

Documentation Structure

UI/UX System

- [05-uiux/ADMIN_UIUX_SYSTEM.md](#) - Core design system principles and standards
- [05-uiux/components/COMPONENT_INVENTORY.md](#) - Shared component catalog
- [05-uiux/page-templates/PAGE_TEMPLATES.md](#) - Standard page layouts

Patterns

- [05-uiux/patterns/ENTERPRISE_TABLE_PATTERN.md](#) - Data table standards
- [05-uiux/patterns/DRAWER_PATTERN.md](#) - Drawer usage guidelines

Content & Accessibility

- [05-uiux/content-style/CONTENT_STYLE_GUIDE.md](#) - Content standards
- [05-uiux/accessibility/ACCESSIBILITY_STANDARD.md](#) - Accessibility requirements

Migration Status

CTO Portal → Technology Executive Dashboard

Status: 🚧 In Progress
Target: Migrate from **ExecutivePortalLayout** to TPI **PortalLayout**
Timeline: Q1 2025

Migration Tasks:

- ☐ Replace **ExecutivePortalLayout** with **PortalLayout**
- ☐ Migrate components to TPI component library
- ☐ Apply TPI page templates
- ☐ Update navigation to TPI standards
- ☐ Implement TPI table patterns
- ☐ Apply TPI drawer patterns
- ☐ Update content to TPI style guide
- ☐ Ensure accessibility compliance
